

## UN AMERICANO A ROMA

we practice ethical omnivorism & the roman tradition of 'quinto quarto' by encouraging a "nose to tail" standard using ethically sourced meats, poultry, dairy & eggs. we strive to educate our community about creating a sustainable & conscientious future.

our mission is to offer the most obsessively authentic italian culinary experience. in honor of the first italian cuisine in the world week, we present a tasting menu steeped in the history & ancient traditions of rome and inspired by the classic italian film 'an american in rome'
